

# How do I work with Anovia Payments?

Let us help you succeed!

## First Things First

- ✓ **Review** the Merchant Services Essential training in your Back Office
- ✓ **Sign up** for email alerts
- ✓ **More questions?** Check out the FAQs and Tip Sheet on Pacific Compass

## Next Things Next

- ✓ **Straightforward Solutions** for face-to-face, online, mobile, and key entered payments all backed by one of the world's largest payments platforms (First Data)
- ✓ **Responsive Service** from a dedicated Anovia rep as well as 24x7 merchant support
- ✓ **Preferred Pricing** that is competitive with the market by leveraging the overall buying power and partnership with ACN

## Get out there and submit leads!

- ✓ **Reach out** to your small business network (think salons, restaurants, retail, doctor offices, and websites) and ask them if they want to do business with you. We work with most businesses who accept credit and EFTPOS cards – even if they have never accepted cards before!
- ✓ **Easysign up** by pointing your Customer to Anovia's site from your Direct Storefront where they can click to Request a Proposal and submit their information
- ✓ **An Anovia rep closes the deal** by reaching out to the customer, providing an offer and completing the sales process and we'll keep you in the loop
- ✓ **You get paid** points on account approval and money every time a card is swiped!
